"On the other side of a storm is the strength that comes from having navigated through it. Raise your sail and begin."
- Gregory S. Williams

Dear Parent/Guardian,

Greetings and good wishes from Loyola Convent School, Booty Ranchi. As we approach the end of the academic year 2021-22, let us thank Almighty God for His abundant blessings and constant care on our children, staff and the institution. This academic year had its own share of upheavals, nevertheless we all have sailed through it with renewed optimism and enthusiasm. We wish to thank you for your wholehearted support and timely assistance in the smooth functioning of the institution. We have successfully completed this session with praiseworthy achievements and will strive for a better future. We have always been committed to create an environment in the school which helps the young minds to blossom and provide a platform for individual thinking and holistic development of the child's personality.

We set standards and goals for ourselves and strive to achieve them - be it in the area of academics, sports, discipline, leadership and more. Achieving academic excellence is at the heart of our endeavor as educators. Academic achievements reflect a demonstrated ability by developing one's intellectual potentials and skills with diligence and ardour.

Our school is a unique environment, a slow-paced haven of quiet and calm in a busy and frenetic world. Here the children are able to exercise decision making and choice. Here they are able to build the habits for work- to persist through difficulty, to make an effort, to accept the challenge of the new or different, to communicate and co-operate with others. This is made possible with the positive, honest and warm assistance from the thoughtful adults around them.

Teaching and parenting are of course, privileged and sacred trust. The closer we work together, the more fruitful it is for our children.

A note of reminder to the parents:

The need of the hour demands a balanced approach towards the teaching-learning system and we aspire to strike a balance between online and offline modes of teaching. Parents are therefore requested to monitor their ward's online classroom behaviour to avoid misutilization of technology and gadgets. Since English is the medium of instruction in our school, you are requested to encourage your ward to speak in English at home and read English books and newspapers regularly. The school almanac must be checked by you regularly. You are requested to monitor your ward's academic performance and also are expected to encourage him/her to take part in cultural and co-curricular activities so that the overall grades at the end of the academic session improve.

With the introduction of **(New Educational Policy 2020)**, we envision an Indian-centric education system that directly contributes to transforming our nation sustainably into an equitable and vibrant knowledge base for the society by providing high-quality education to all. The new theme for the upcoming academic session is **competency-based education**. The aim is to provide 'skill-based knowledge' to the students and taking that into consideration we are introducing **Artificial Intelligence (AI)** for grades 6-9 and **Computer Science/ IT** for grades 11 & 12. For the enhancement of the co-curricular skills, activity clubs are being introduced for grades 6-12.

- **Mysterious Maths** (Mathematics)
- **Club neutrino** (Science)
- **Social staples** (Awareness)
- **Aesthetic Club** (English)
- **Sahitya Samuh** (Hindi & Sanskrit)
- **Fit N Fine** (Sports and physical fitness)

All students are encouraged to join a club as per their areas of interest.

With the resumption of offline classes, safety protocols will be the utmost concern for the students. You are therefore requested to encourage your children to get vaccinated (as and when applicable). Parents are requested to ensure that their wards do not carry mobile phones to schools. Girls (living in lodge) of classes XI and XII are allowed to bring simple mobile phones (not smart phones) which they have to deposit with their class teachers before the class commences every day. If any student is found using mobile phone in the school premises, he/she will be liable for punishment.

Let us all strive to make school life interesting and memorable.

Following are some important information and schedules that must be adhered to carefully.
