SCIENCE

I. Activity based questions

- a) My balanced Tiffin box.

Imagine you are packing your School Tiffin, choose at least one item from each nutrient group

Nutrient group	Food, you will pack
Carbohydrate	e.g. Chapati, rice
Protein	e.g. dal, paneer
Fat	e.g. nuts, butter
Vitamins and minerals	e.g. fruits, salad

Question: Is your tiffin a balanced meal? Why or why not?

- b) Check your kitchen or grocery bag. Pick five items and identify their main nutrient.

- c) Make a food pyramid

Activity: Draw a food pyramid, use drawings to place carbohydrates at the base, vitamins and minerals in the middle, proteins and fats at the top, junk food at the very top.

Question: Why do we eat more food from the base and less from the top?

- d) Activity: Pick up different materials like wood, plastic, etc. and try to stick a magnet to them.

Questions: which materials were attracted to a magnet? What name is given to them?

- e) Activity: Go on a material hunt around your house and find items made of at least five different materials.

Question: Why was each material chosen for that object?

II. HOTS

- a) You are lost in a forest with a magnet and a thread. How can you find the direction?
- b) You have to pack magnets for shipping. What precautions should you take to maintain their magnetism?

III. Workbook - do worksheet 5 and 8.

SOCIAL SCIENCE

A. Make the Pamphlet of any five states and include

- 1) location 2) famous festivals 3) famous food items
- 4) Famous places to visit 5) Occupations

B. Observe the weather in your area for a week and record changes in temperature, rainfall, and wind.

C. Mark the states and capitals on a political map of India.

D. Write about three duties of a responsible citizen.

E. Explain why voting is important in a democracy.

F. Suggest ways children can help society (e.g., cleanliness, planting trees).

COMPUTER

1. Write 10 uses of computer in different fields.
